letter from the
chairman

Writing my final letter is bittersweet. I am proud of all that has been accomplished over the past two years, but also somewhat sad about turning over the reins of this tremendous organization. It has been a great pleasure to be SUCA's leader locally, as well as on the state and national level—I will miss that. SUCA's next leader, Penny Danielecki, is primed and ready. I know she will continue to provide SUCA the guidance and representation it deserves.

I will remain involved with all the issues that began during my tenure that have not yet reached a beneficial conclusion. This continuity will keep our current involvement robust (and allow Penny the opportunity to tackle the new issues that we will certainly encounter). We've made great strides regarding electronic bidding in Hillsborough County, and just started to tackle the sanitary sewer issues in Pinellas County. I'll do what I can to ensure these issues are not overlooked and continue to improve.

I do feel the need to brag a little. In the middle of October, I travelled to Denver, Colorado to attend NUCA's Fall Leadership Conference. This is a wonderful event that provides great training and education—I highly recommend attending. There was one session that discussed NUCA's Three-Year Strategic Plan. There are many practices that they are going to encourage the local chapters to adopt. I am not going to list them all, instead I am going to paraphrase— **“Run your local chapter like SUCA does”**. As I went through the list of goals I realized that we are already doing them all to some degree or another. This is a tremendous credit to our Board of Directors and to our members. We truly are one of the best chapters in the country. I do not mention this so that we can sit on our laurels and gloat—just the opposite. We should recognize how significant our organization is and use that influence to our benefit. Please stay

involved and our industry will remain vibrant and we will all reap the rewards.

Thank you all so much for allowing me to lead SUCA. I am both honored and humbled to have been your chairman.

--Thomas P. Butler

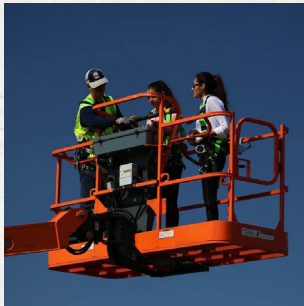

FLORIDA CONSTRUCTION CAREER DAYS

**TAMPA
BAY**

Calling All Industry Leaders!

April 12 & 13, 2017  www.CCDFL.com

Promote the Construction Industry to a Future Workforce

The Suncoast Utility Contractors Association (SUCA), the Florida Department of Transportation (FDOT), the Florida Transportation Builders Association (FTBA) and industry partners are hosting the Tampa Bay Construction Career Days at the Hillsborough County Fairgrounds in Dover, Florida on April 12 & 13, 2017.

Construction Career Days introduces high school students, grades 11-12, to various areas of construction including highway, bridges, engineering, utility, geotechnical and more. Students learn from industry professionals about potential job opportunities through hands-on activities. Throughout the day students experience various jobs in learning lab activities such as operating heavy equipment, testing materials, simulating bridge design, traffic safety and more.

Our goal is to educate students on career opportunities in the transportation industry and spotlight companies that are committed to opening doors for youth. Students from local high schools are invited to attend to learn more about the industry at no cost to the student or school districts.

- Introduce Construction Career Opportunities to High School Seniors
- Interactive Exhibits – Learning Labs
- Positive Company Exposure

2016 STEERING COMMITTEE

The Future is Riding on Ajax.

FLORIDA CONSTRUCTION CAREER DAYS

TAMPA

TAMPA BAY CONSTRUCTION CAREER DAYS

TESTIMONIAL FROM HILLSBOROUGH COUNTY SCHOOL BOARD

The 2016 Construction Career Days event was an outstanding Career Exploration Visit for our Career and Technical Education (CTE) students in Hillsborough County Public Schools. We had CTE students from a wide variety of high schools in attendance, and I thoroughly appreciated the high level of organization and coordination that went into making this event so successful.

I was most impressed with the large variety of hands-on learning labs and informational presentations that thoroughly engaged our students. The highly coordinated schedule ensured that the students, teachers and presenter's time was used very effectively.

The efforts of your organization provided our Hillsborough County students the ability to relate classroom instruction to the world of employment possibilities within the Construction industry. Construction Career Days was not only a benefit to our students, but it also renewed our teachers' passion for their profession in Career and Technical Education.

Your organization was able to create a true partnership with the Construction industry, and that high level of commitment from business partners is an ideal environment for CTE students to thrive in. We are greatly looking forward to participating in this event again in 2017, and continuing our partnership to educate the future of the Construction industry.

Sincerely,

Chris Jargo

September 26, 2016

Dear Member,

NUCA is pleased to announce the settlement of a class action lawsuit challenging AT&T's bills for repairing damage from cable cuts. AT&T has agreed to pay up to \$15 million in cash and change its future billing practices. The settlement, which is subject to approval by a federal court in Florida, is valued at more than \$38 million.

If you paid AT&T for a cable cut from July 1, 2008 through May 1, 2016, you likely received in the mail recently a notice about the settlement and are eligible to receive a cash payment. The size of the payment depends on the number and amount of the bills you paid to AT&T and could range from as little as \$10 to more than \$5000. The average payment exceeds \$120 and some will receive more than \$20,000. To receive a payment, you must file a claim by December 1, 2016. A claim form was included with the notice sent to you and specifies the amount you can receive.

NUCA, on behalf of its members, and three contractors – James D. Hinson Electrical Contracting Co., Blythe Development Co., and Callaway Grading, Inc. – sued AT&T in 2013, contending AT&T has for years improperly marked up the labor rates on its facility damage bills by roughly five to twelve percent with a hidden “claims processing” charge. The lawsuit also contends AT&T's charges for “loss of use” and “loss of service” that can add hundreds and in some cases thousands of dollars to many bills are improper.

As part of the settlement, AT&T will no longer include a claims processing charge for at least five years anywhere in the country. AT&T has also agreed for at least the next five years to stop charging for loss of use or loss of service in five states where courts have ruled similar charges are uncollectible – Arkansas, Florida, Georgia, Ohio, and Texas – and to change the way in which the charge is calculated in all other states. This change is expected to reduce the amount of the charge by more than 60 percent. Contractors can still continue to challenge even the reduced charge if it is added to their bills in the future.

The court has scheduled a hearing on December 16, 2016 to consider whether to approve the settlement. Further information is available at www.attrepairclaimlitigation.com. You can also contact our lawyers, Ken Canfield and David Hagy, at kcanfield@dckd.com or dhagy@hagylaw.com.

NUCA thanks all who participated in the lawsuit for their work. The lawsuit and resulting settlement will benefit all NUCA members by putting some money in the pockets of those who have been overcharged, reducing the cost of future cable cuts involving AT&T, and sending a message that there may be consequences to other utilities that overreach.

On behalf of our national organization and our 26 state and local chapters, we are proud to advocate for our industry and serve as your association of choice.

Bill Hillman
CEO

POLITICAL INSIDERS

September 29, 2016

Political Insiders,

Late last night, both the House and Senate adjourned until after the election, but not before each passed budget measures to avert a government shutdown, and the House passed its version of WRDA.

Last evening, the House voted to include an amendment authorizing \$170 million in future appropriations for drinking water in Flint, MI. The House later passed the WRDA bill by a [vote of 399-25](#).

This, and concessions on including Zika funding and emergency relief to Louisiana, allowed the Senate to move forward with a Continuing Resolution (CR) which will fund the government until early December. The bill passed the Senate 77-21 and later the House 342-85 clearing both chambers to recess until after the election.

The inclusion of Flint language in the House WRDA bill makes our position in the upcoming conference negotiation much stronger, because both bills now have extensive new funding for water infrastructure, and the House has very little leverage to push back against Senate demands.

Either way, that's a wrap on legislative activities until mid-late November. NUCA's GR activities will shift gears to the political, and supporting our friends election prospects.

If you aren't already receiving NUCA/PAC emails, I encourage you to fill out the attached authorization form and send it back to me. I also encourage you to look at the attached infographic if you have questions about what NUCA/PAC's objectives are. By law, we cannot communicate with you about NUCA/PAC activities without your authorization. You can authorize for up to 5 years, so sign it and forget about it! Joining NUCA/PAC does not obligate you to contribute and donations are expressly voluntary. Signing up is an additional education opportunity for the election implications of our priorities.

Also, I hope to see you in Denver for NUCA's Fall Leadership Conference. The GR Committee will have a significant planning session in preparation for the election and the next Congress that you will want to be a part of. [Visit the website for more information and to register.](#)

See you after the election!

Sincerely,

Director of Government Affairs

NUCA 2016 Top Jobs Competition Now Open

APPLICATION DEADLINE: NOVEMBER 18, 2016

NUCA's Top Jobs competition recognizes outstanding projects that exhibit innovative solutions to challenging obstacles and produce the highest quality results. The competition is open to all NUCA contractor members in good standing. Nonmember contractors who join NUCA by November 14, 2016, may enter the competition.

Projects may be entered in one or more of the following categories:

- ★ Communications
- ★ Electrical power
- ★ Gas distribution
- ★ Oil and gas pipelines
- ★ Shale gas play
- ★ Water or treatment plants
- ★ Sanitary sewer collection/storm drains
- ★ Water distribution
- ★ Trenchless technologies
- ★ Excavation/site development

- All projects must have been completed between November 1, 2015, and October 31, 2016.
- Projects that involved serious injuries or fatalities are not eligible for this competition.
- A group of independent nonmember judges will select three finalists from each category.
- Finalists' applications will be on display at NUCA's 2017 Convention for attendees to review, vote on, and select overall and winners in each category.
- All category finalists are encouraged to attend the NUCA 2017 Convention, March 4–6, to discuss their projects with voting attendees.

Visit nuca.com/topjobs for submission and eligibility requirements, competition awards and prizes, and other details.

NUCA Member Benefit

NUCA/PetroCard Fuel Management Program

PREFERRED PRICING EXCLUSIVELY FOR NUCA MEMBERS

NUCA Pit Stop and PetroCard have teamed up to offer preferred pricing advantages and a complete fuel management program exclusively for NUCA members. Members may join this program at no cost—no signup, transaction, card, or maintenance fees. NUCA PetroCard offers the following customizable products and services:

- Fleet Cards from Pacific Pride, CFN, Fuelman, WEX, and Clean N' Green
- Fuel Card preferred pricing advantages
- On-site mobile fueling
- Customizable cards with limits and restrictions
- Access to over 180,000 fueling locations nationwide
- One fuel program/invoice for all fueling purchases
- Online account management for reporting, card management, and online payments
- 24/7 superior customer service

Track all fueling expenses and manage your fuel cards, tax reporting, and invoices online. Access your company's transaction details and invoices. Download or schedule reports 24/7/365. PetroCard is a certified minority business enterprise.

NUCA's growing suite of vehicle benefits

20th Annual Fish Fry

BEST FRIED FISH IN TOWN!

We celebrated 21 years of our Annual Fish Fry Event on a beautiful afternoon at Al Lopez Park, Tampa. Over 300 Guests to include Contractors, Suppliers, Engineers and City & County Employees joined us for this relaxed, outdoors picnic event.

This was the most well attended year! Thank you to all our members that purchased and gave out to tickets to make this event such a success. A special thank you to the volunteers that helped with set up and breakdown, Penny Danielecki, Dave Wirth, Chris Wilhelm & Matt Cogsdale!

Everyone enjoyed the ever famous Lupton's Catering to include Fried Catfish, Hush Puppies, Grits, Coleslaw & Peach Cobbler.

Can't wait till next year!

BOOK YOUR STAY

BECOME A SPONSOR

MEET Will Suarez, Ritchie Bros. Auctioneers

GET TO KNOW YOUR MEMBERS!

Briefly tell us about your professional background

I have been in sale for 17 years 7 at Ritchie Brothers and 10 in the equipment rental industry. Prior to that I work in our Family Business. (I still do very part-time)

What inspires you about your business

I love talking to business owners and advising what can be the best alternative with their equipment needs. If selling or buying equipment advising the market trends is the best policy regardless good or bad. Going up in family business helps a lot being in those shoes and relating.

What is your educational background

Graduated with Florida State University with a B.S in Spanish Business and Wellness (Athletic Training)

How long have you lived in Florida

I have lived in Florida since 1981 except for Military obligation

What is your favorite book

Anything that has to do with the U.S and Military History, Cookbooks

What are your hobbies or interest outside of work

Too many, outdoors, hunting, fishing, guns and cooking

Grill master or reservations

Grill Master for sure.

What is your favorite travel location

Helen, Georgia. Very relaxing

What is the secret to your success

Treat people as you want to be treated no sugar coating tell *the* truth.

Do you have any "guilty pleasure" TV Shows

Military movies I can't change the channel. I got to watch it.

Tell us about the services your company provides

Ritchie Brothers Auctioneers is an asset management company to sell and buy industrial/ construction equipment and vehicles of all types. We get the largest international exposure in the world.

What is your business philosophy

Treat your customers like treat your family and you will have a customer for life.

What is your favorite sports team

Florida State Seminoles, Tampa Bay Bucs, New York Yankees, Tampa Bay Lightning

What was the first car you drove

1976 Volvo Station Wagon

What is one interesting thing we should know about you

My family calls me the book of useless knowledge. I know a little of a lot

What is your favorite Charity

UDT/ SEAL Foundation and SUCA Scholarship Fund

What is one thing you would like to see SUCA accomplish

Better recruiting and education of our youth into the industry. High School and College Graduates just don't know a lot of the industry opportunities.

What do you find to be the best benefit of being a SUCA member

SUCA is the Best NUCA Chapter Bar none. The ability to network and communicate with Municipalities and Industry leaders in our area is the best.

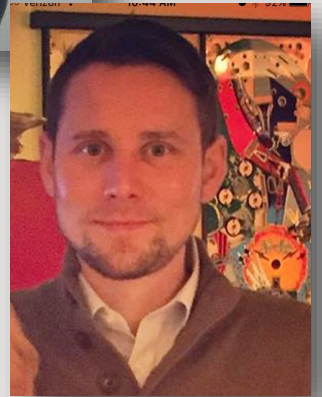

MEMBER NEWS

HD SUPPLY WATERWORKS WELCOMES TWO NEW EMPLOYEES TO THE TEAM.

Kenrick Callwood, Senior Estimator. Kenrick started his career in Underground Utilities as a laborer and moved up to foreman. After three years in the field he moved into the office and has been doing Estimating for the last 6 years.

Chris Berberich, Outside Sales Representative joined the Tampa team in July 2016, from Southwest OH. Chris brings a strong background in customer service and product knowledge, working in construction supply nearly his entire career. Coming to HD Supply Waterworks in 2010, he quickly picked up the water and water industry and became an important part of the Inside Sales staff at the Fairfield OH location; eventually taking the role of Operations Manager.

FORTILINE WATERWORKS NEWS

Mike Mason has joined the Tampa location as an Outside Salesman for Contractor Sales.

Fortline Waterworks has opened a new facility at 8504 E. Adamo Dr. #135, Tampa, FL 33619

GOOD BYE DAVE!

Dave Wirth, P.E., SUCA Chairman 2013-2014 has relocated to the Orlando area to pursue future endeavours. Dave has been a respected leader for the Association and Industry and an integral part of our success. We all wish him well in his new challenges! Good Luck Dave!
