SUCA Membership Dues, Types and Definitions

CONTRACTOR MEMBER

Definition: A <u>contractor</u> is any person, firm or corporation engaged in the construction and/or rehabilitation of utility systems including, but not limited to, storm sewers, sanitary sewers and drainage systems, water lines, cable (underground communication and electric), ducts, conduits, gas lines, tunneling, boring, trenchless construction, treatment systems, pump stations and other utility construction and appurtenances thereof. A <u>specialty contractor</u> is any person, firm, or corporation that employs labor on the job site, but does not bid or perform any utility construction or excavation work.

IMPORTANT NOTE: A portion of your annual dues may be designated to support political contributions.

The Omnibus Budget Reconciliation Act of 1993 includes a provision which denies the tax deductibility of lobbying expenses and introduced new rules affecting tax-exempt organizations that conduct lobbying and political activities. As mandated by this law, we must estimate the percentage of dues income which will be expended on lobbying activities during 2021. That amount becomes taxable for federal income tax purposes. Therefore, we are obligated to inform you that 25% of your NUCA FL dues and 29% of your NUCA Dues are non-deductible. Dues are not considered charitable contributions for Income Tax purposes. They may be considered ordinary and necessary business expenses.
